Excursion to Agios Nikolaos-Spinalonga

Excursion to Fodele-Rethymno-Plakias Beach

T 1: Thin Films and Nanostructures for Modern Electronics
T 2: Fundamentals of Plasma and Laser-Material Interactions and Processing
T 3: Materials for Energy and Environment
T 4: Magnetic Materials and Advanced Applications
T 5: Novel Spintronic Materials and Related Devices
T 6: Nanostructures and Low Dimensional Systems

T 7: Emerging Electronic Memory Materials and Devices
T 8: Polymer Materials and Composites
T 9: Biomaterials and Healthcare Applications
T 10: Functional Materials. Processing and Characterization
T 11: Self-assembly and Patterning
T 12: Art, Science and Technology
T 13: Trends in Condensed Matter Theory

HALL 1, HALL 2, HALL 3 are in the building of School of Health and Welfare Services of TEI Crete
